

MediaHub USB-C TA-3365

- 4K@60Hz Video (HDMI/USB Type-C®).
- Auto TV Switching using HDMI-CEC.
- Bluetooth Audio.
- USB Type-C® PD Charging to 5V/3A.
- USB-A Charging to 5V/2.4A.
- Black or white SoftTouch finish.

The Ultimate in Hotel Guest Room Connectivity

The MediaHub USB-C employs the latest technology to provide guests with the most important, universally accepted mobile connections so they can make the most of their hotel stay.

Bluetooth Audio

With Bluetooth audio, guests can stream their favourite audio from their mobile devices straight to the in-room TV..

USB Type-C® and HDMI

The addition of USB-C to the MediaHub range means guests can charge their mobile phones

and tablets and simultaneously display 4K video in the guest room TV. HDMI is also provided for guest devices without USB-C.

USB-A

USB-A is provided for additional charging and can even be configured for data passthrough if required.

Finishes and Trims

MediaHub USB-C is finished in either SoftTouch black or SoftTouch white, it is supplied with two matching trims (one solid color, the other brushed for maximum choice right out of the box. MediaHub USB-C is of course also compatible with our range of customized trims and PowerHub extenders.
