Foreword by the Managing Director

It is with great pleasure that I welcome you to our company profile. Ever since our establishment, we have achieved great successes and reached many goals. Some people say that business today does not offer the same opportunities as it did before; they cite low finance, high interest rates, payment defaults, increasing competition and the erosion caused by inflation as factors that lessen opportunities for success. At SRK, we firmly believe that opportunities abound as never before, but that they are there for those who are willing to work hard and diligently towards success. In fact, all reasons cited by pessimists for the dearth of business opportunities provide opportunities for individuals whose personal executive skills have been honed to their sharpest edges.

At SRK, it is our mission to develop and provide cost effective solutions for all our clients. I am proud of the continued growth at SRK from relatively humble beginnings to UAE's fastest growing building materials company. This was achieved by operating and supplying innovative and eco-friendly products to the residential, commercial and hospitality markets. Our extensive list of new and repeat clients is testimonial to the work we do and the products we supply. We will always continue to invest in our greatest asset, OUR PEOPLE, through continued professional development and training which would enhance their personality and career. I trust and hope that our company's strategy will ensure the continued success of SRK and will provide more job opportunities within a sustainable entity.

I sincerely wish that all our valued customers enjoy the continuous opportunity, unique products and services we have to offer.

SRK BUILDING SUPPLIES LLC

SRK Building Supplies LLC is one of the fastest growing companies for quality construction products which are suited for new constructions and home renovation markets. We are also a leading provider for installed products and services related to home décor and furnishings. Our company has evolved with time but have always been steadfast in our commitment to quality and standard of excellence.

We are committed to providing high quality products and services that enhance the lives of our consumers. Our focus is on strengthening our leadership brands by delivering innovative and cost effective solutions for our customers. With our expansive offering of innovative products and services, we offer a solution to everyone. From all types of sanitary fittings to glass, aluminum and allied products, consumers seek our products for their quality and beauty. Our leadership brands also deliver cost effective solutions for various projects in the Middle East.

Experience, Insight and Dedication

Strong leadership and belief in our strategies focusing mainly on customer satisfaction is crucial to our continued growth. Built upon experience, insight and dedication, our leaders and mentors provide a strong foundation towards the success of our company. Our people are our greatest assets, at all levels. We are proud to have created a workplace where learning and sharing best practices is a daily occurrence. We are a team that works together to consistently develop and execute strategies to satisfy our client needs. Our success is driven by our people and their commitment to get the results the right way – by operating responsibly, executing with excellence, applying innovative technologies and capturing new opportunities for profitable growth.

Environment

As a leader in the manufacture and trading of many types of building materials, we are committed to conduct business in a manner that protects the quality of the environment in our communities, as well as the health and safety of our employees. We are also committed to conserve natural resources and comply with laws and regulations that protect our environment. Since a long time, we have been a leader in producing innovative products and systems that build the environment in which we live, work and play. We are focused on ways to reduce our environmental foot print throughout the product life cycle from raw materials, product designing, manufacturing process, shipping and distribution, and recycling.

Sustainability

At SRK, sustainability means building in harmony. We are committed to products that are in sync with the communities in which they are designed, manufactured, distributed and ultimately used. We are working hard to build a high level of expertise in developing cost effective solutions to meet our client's expectations. Although the industries we serve are distinct and immense, all our employees share the same commitment- to bring innovative and exciting products to the marketplace and to do our best at helping our customers succeed.

PRODUCTS

Sanitarywares

Sanindusa is one of the leading sanitary ware and bathroom accessories company based in Portugal. The products they manufacture embraces people's desire for sleek and clean lines. Reflecting the latest standards & trends in contemporary designs, products by Sanindusa embraces the aesthetic beauty in all its products. They manufactures the complete range from sanitary wares to bathroom fittings for handicapped, mixers, bath tubs and shower trays in acrylic, jacuzzis, bathroom furniture, wash basins, and all related components.

SRK also supplies sanitary wares & wash basins from Bathco whose factories are based in Spain. Additionally, they also manufacture a wide range of bathroom articles such as bathroom accessories, furniture, bath tubs & shower trays.

DESIGN - QUALITY - INNOVATION are the three mainstays of Bathco philosophy. They are always focused on the continuous development of new products which satisfies the needs & evolution of the market. New models of most products are released on a regular products.

Bathroom Accessories

Bathroom accessories have become an increasingly important element with regards to its integrity of design as well as the functionality it offers. PRODUCTS

Bathtubs & Shower Trays

Bathtubs and shower trays are an integral part of any bathroom. Companies such as Smavit (Italy) & Sanindusa (Portugal) manufacture and supply innovative designs which are suited to any bathroom. From free standing to integrated, acrylic to steel enameled, these products offer a lifetime of peace & functionality to any user. SRK supplies steel enameled as well as acrylic tubs and shower trays to numerous hotels and residences all over the Middle East.

Hand & Hair Dryers

SRK offers hand and hair dryers from leading companies worldwide such as Comfort 2000 (Italy), Montelone (Italy), Fumagalli (Italy), Sanibano (Spain) & Nofer (Spain). Most institutions are using hand dryers against paper towels as they are easy to operate and offer 80% cost saving over paper after a period of time. Hair dryers are mostly used in hotels and residences and comes in different colors and finishes.

PRODUCTS

Cosmetic / Magnifying Mirrors

Monteleone S.R.L. is one of the leading manufacturers for cosmetic and shaving mirrors. Spekkio & Kosmetico are the two names under which they are sold worldwide. Different options are available from free standing to wall mounted, single arm to double arm, plain mirrors to LED lights, square and round shapes, from 3x to 10x magnification. All products are manufactured in their factory in Gozzano, Italy.

Mirror Defoggers for Bathroom Mirrors

Mirror defoggers or demisters have two primary functions. They prevent black edges from occurring on mirrors and also prevent mist formation on the mirror. As a result, you always get crystal clear mirrors in the foggiest of bathrooms. Demista (UK) & Clartherm (Spain) are the world's leading manufacturers of mirror defogger pads. They are available in numerous shapes and sizes to suit any mirror. SRK has been supplying these pads since many years to prestigious residential & hotel projects such as Burj Khalifa, Fairmont Hotels, Hilton Hotels, Emaar, Nakheel, Jumeirah, Burj Al Arab, Oasis Residential, The Views etc.

PRODUCTS

3D Wall Décor Panels

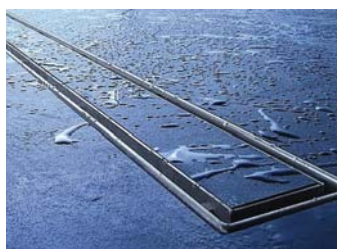

The 3D wall décor panels which are made from bamboo and sugarcane fibre is a natural high tech product which has created a genuine revolution in modern interior. Available in numerous sizes, they come in two forms....natural & PVC coated. The natural form can be painted to any suitable color of your choice and fixation is most easy. It is in the form of DIY. They are used in thousands of residential and commercial establishments all over a world and adds a sense of beauty to any place. SRK supplies these panels from its warehouses in Dubai and for further information, pls feel free contact them.

Channel Floor Drains

Sukar (Turkey) and Easy Drain (Holland) produce a complete range of floor drains and accessories for domestic & commercial applications. The products are highly suited for bathrooms, showers, changing rooms, restaurants, hotels, offices, fitness centers and much more. The drains are developed in a modular system providing numerous possible combinations to suit any flooring. They feature vertical or horizontal outlets and integrated side inlets. It's possible to adjust the height, rotation and tilt to get a perfect installation. They could also be customized to individual specifications as required.

PRODUCTS

Glass, Aluminium and Stainless steel

Nasser Aluminium & Glass LLC (NAG) is the sister company of SRK which carries out the supply and installation of all types of works related to glass, aluminium & stainless steel. NAG specializes in handling the toughest of jobs, from the drawing stage up to its completion. They carry out work right from installation of a simple mirror all the way to a curtain wall shop front with aluminium cladding and automatic doors. All the products used are imported from leading manufacturers worldwide, so clients can be assured of their quality
